SUBJECT.

Drill ground for the Police of the Kowloon Station of Kowloon

When the Deputy Adjutant General's Command was addressed in March 1903 after correspondence with the Asst. Adjutant General Kowloon Dist., for the plot of military land adjoining the Lady Lugard Hospital, the fact that that plot had already been allowed as a temporary arrangement to be used by the Police for drill purposes was overlooked by all the parties concerned. Even if this had been brought there is no doubt the plot would still have been obtained for the purposes of the Lady Lugard Hospital.

A 48. file 556/99

GE 42. file 141/1893

2. It is however satisfactory that the Dist. Magte of Kowloon Station was able to obtain the assent of the local military authorities to the utilization of another plot of military land as a Police drill ground to which none cannot think of any

any other ground in the Cantonment Station situated for the purpose the Dt. Magte may with reference to paragraph 2 of this letter, be informed, if approved, that the Resident approves the arrangement & he may at the same time be asked to convey to the G. O. C the thanks of the Resident for the permission granted for the use of the plot in question as a police drill ground.

The Dep. Supt. of Police has not submitted proposals as to how this Expenditure should be met. If the proposal is submitted under para 2 of the Resolution Pro No 4420 of 5th Sept: 1901, an Estimate for the work from the C, R & E should have been furnished. It is doubtful if the work of levelling the ground falls under the Category of any new Work mentioned in the 1 para of the Pro:, & the C.R.E would be able to meet the Expenditure from the allotment for Imptl. Canal Works in the Irrig budget for the current year. So make the point clear the D.S.P may be asked to state the source from which it is proposed to meet the expenditure.

Letter No. 3146 dated 15th May 1920
from the D.S.P. Cantonment

SUBJECT.

On the ground for the Station Police

The D.S.P. wants a site ground for the Station Police & proposes the acquisition of land on Commissariat Road which the Police are now using with the owners consent. The ground is said to be 6 acres, in extent and the acquisition would cost, 60,000 according to the owners estimate, and according to the Collector Rs 45,000. For this amount the D.S.P. will have to be addressed for sanction.

The Dt Magte supports the proposal. He says that the plot may be used as a site ground and also suggests that a Sub-Jail with quarters for the Lockup Police may be built on the site. He has not sent detailed proposals.

The cost of acquisition of the area required for the various buildings indicated in L.U.C and it may be had at about 35000/- This is to be used for the following purposes

* This excludes the cost of land being acquired by the Municipality for the Sepik Quarters.

(1) drill, training grounds & recreation (included in the plots of 6 acres but acquisition being made by Municipality)
(2) Sergeants Quarters (apparently.)
(3) buildings for mounted police
(4) Subsidiary or protected lock ups
(5) Quarters for 2nd & 3rd Class or Deputy Collector (it is not clear from the D.'s note whether he intends to build Quarters for the Officer on the Land or to rent Quarters in the neighbourhood)

If all the buildings are erected on the Land there would be much less for drill & recreational purposes as the mounted police buildings are concerned with the Land there should be put up with them Barracks.

SIR,

I have the honor to state for the information of the Honorable the Resident which the ground on which the Lady Curzon Hospital at present stands was originally given to the Police to be used as drill ground, vide Docket No. 1540 of 15th July 1881 from the Assistant Quarter Master General Bangalore, herein enclosed for perusal and return, when this ground was taken away for extension of Hospital buildings a fresh plot of ground to the west of it was made over to the Police in lieu thereof, vide your letter No. 320 of 26th January 1894 and the same was properly levelled by the Municipality at a cost of Rs 570-10-0, ever since this ground was in the possession of the Police as a drill ground. A month or two ago this ground was taken away by the Hospital authorities without any communication with me. On one of my Sub-Inspectors informing me of this fact I addressed the President Municipal Commission requesting him to be so good as to take steps for providing the Police with a fresh piece of ground for drill purposes. This officer while informing me in reply that the Bowring Civil Hospital is no longer a Municipal institution transferred my

letter.

letter to the Residency Surgeon for disposal. The Residency Surgeon has since informed me in his letter No. 75 of 18th ultimo, that the plot of ground was acquired by the Hospital authorities with the sanction of the Government of India in the Military Department. Thus the Municipality and the Hospital authorities have totally ignored my being in possession of the ground and have taken it over without making any provision for giving me another drill ground.

I beg therefore that early steps may be taken to provide the Police with a suitable site to be used as drill ground instead of the one now taken.

Sir

I have the honor to report that the Civil and Military Station Police have no Parade ground for their exclusive use For some years past, by favour of the owner they have been enjoying the use of a portion of a plot of ground about 6 acres in extent bordering Commissariat Road and Magrath Road, from which they are liable to be turned off at any time if it is required by the owner for any purpose such as building etc.

2. As it is essential that we should have a ground of our own for drill, training of recruits & recreation, I have the honor to submit proposals for the acquisition of this plot of ground. A portion of it is already about to be acquired by the Municipality for the erection of Sergeants quarters in exchange for a site elsewhere.

3. Although the whole of the ground is not required for a Parade ground etc, I suggest the acquisition of it complete, as it is suitable for the erection of additional quarters if required later. I have already submitted proposals for Mounted Police, vide my letter No. 2544 dated 20th April 1920, involving some buildings; I am also sub-

ml

proposals separately for an additional Inspector for the Reserve Police. If these proposals are sanctioned a portion of this site will be made use of.

4. A statement showing the approximate cost of acquisition together with copy of a letter from the Collector on the subject is enclosed. The cost cannot be met by re-appropriation.

Letter No. 2096 dated 28th April 1920 from the Collector, Civil and Military Station, Bangalore to the District Superintendent of Police, Civil and Military Station, Bangalore

---

With reference to your letter No 2560 dated 21-4-20, I have the honor to state that the plot of land on Commissariat Road referred to measures 6 acres in all and my estimate to the Assistant Commanding Royal Engineer in 1918 for the acquisition of the whole was Rs 45,000 as an outside figure with Rs. 36,800 as a minimum inclusive of the cost of buildings compound wall and trees and 15% additional allowance for compulsory acquisition under Sec 23 (2) of Act I of 1894. The owner however, asks at least Rs. 10,000/- per acre.

2 The site proposed for two Sergeants quarters measures 31 guntas & 102 Sq. yards and my estimated value of acquiring it is Rs. 4,686-4-0; it is possible that a court might award more. This amount should be deducted from the inclusive figure given above.

istrict Magistrate in forwaring letter
from Dist. Supdt. of Police.

I enclose a section of the 16" map which shews the relation of this land to the Public Offices. I have long been of opinion that this land should belong to Government because it is the only property within easy reach of the Offices which is not yet built over. Its appropriation for bungalows is certain in the not - distant future, especially as the late owner, Rao Bahadur Sundaramurthi Mudaliar, is now dead.

2. The space indicated in red is that selected for the erection of two police quarters. The large space indicated in blue has - been recently acquired by the Commission which is erecting a workshop and store-yard.

3. At one time it was proposed to build barracks here for the I.D.F. Artillery, but this project has been given up.

4. Apart from the use suggested by the District Superintendent of Police, which I support, I am anxious to secure for the Station a sub-jail (or judicial lock-up) to which undertrial prisoners of the Station and short-time 'convicts' may be sent. At present - prisoners walk a distance of two miles each way from court to - jail. This is unfair to prisoners who are exposed to weather and publicity, and it takes up the time of the police. In certain classes of case charges have to be incurred for carriage by jutka or cart And there is sometimes inconvenience when a prisoner - cannot be brought before the court at short notice. There is - certainly good ground for constructing such a lock-up provided - the cost is not prohibitive.

5. I attach a statement of charges for under-trial prisoners for the last five years. Also abstract of total charges for 1919 The average number of undertrial prisoners on any given day is - about 20

6. It would be necessary for either the Second Magistrate or the Deputy Collector to be in charge of the lock-up and he would therefore have to be given quarters adjoining. This would have other obvious administrative advantages.

7. I do not propose to elaborate this scheme at present as it is probable that the Resident will first desire to see the site and form a preliminary opinion.

THE HON'BLE MR. W. P. BARTON, C.S.I., C. I. E., I. C. S.,
RESIDENT IN MYSORE.

To

The Political Secretary to the Government of India,
Foreign & Political Department.

Dated Bangalore, 28th October *19* 20.

SIR,

I have the honour to submit, for the favourable consideration of the Government of India, the following proposal to acquire a plot of land of approximately 6 acres in the Civil & Military Station at an estimated cost of Rs 40,000/-.

2. The land in question borders on the Magrath and Commissariat Roads and is close to the Municipal & Collector's offices. By the favour of the late owner the police have for some years past been allowed to use this ground for drill and recreation purposes but now that he is dead it is more than probable that the land will be utilised for building purposes and will cease to be available to the police. It is essential that the latter should have a drill ground and I strongly recommend, therefore, that the area in question be acquired by Government. Though possibly 4 acres would be sufficient as a drill ground, it is desirable that the whole area should be acquired as more ground may be wanted for a Judicial lock-up in the near future. Part of the land will be utilised for quarters for European Sergeants

of

of the Station Police Force. The cost of acquiring this portion will be borne by the Municipal Commission. It is also conceivable that more ground may be required for Government offices and this plot is very conveniently situated from Government s point of view as it is the only one available within easy reach of the existing offices Government is not likely to incur loss in taking up the whole of the area available as site values are rapidly increasing in the Civil & Military Station owing largely to the impossibility of expansion.

3. Deducting the area required for the Sergeants quarters, the cost of acquiring which is to be borne by the Municipal Commission as already stated, the cost of acquiring the remainder of the plot is estimated by the Collector at approximately 32,000/- but as it is possible that a Court might award a larger amount, a grant of Rs.40,000/- is recommended for the purpose to be on the safe side. This will be a cha rge on the Assigned Tract revenues.

4. In the circumstances, I trust the Government of India may be pleased to sanction the proposal and to place a special grant at my disposal for the purpose as reappropriation is not possible.

I have the honour to be,

Sanction is accorded to the acquisition of the land in question in Bangalore at a cost not exceeding Rs.40,000, debitable to the revenues of the Assigned Tract. Application for an additional grant should be made when the land has actually been acquired, as it seems possible that the acquisition proceedings may not be completed during the current financial year.

Sir,

I have the honour to invite a reference to your Memo No. 8-Est.B, dated the 3rd January 1921 on the above subject. The Collector of the Cantt. Station of Bangalore has completed the acquisition proceedings and has passed an award for the payment of Rs 38,898/12/0 to the owners of the land as compensation.

2. I request that the Govt of India may kindly sanction a special grant of Rs 39,000 debitable to the revenues of the Assigned Tracts for the purpose. A memo explaining the necessity for the expenditure in question is enclosed for presentation to the Standing Finance Committee.

Memorandum showing the details of, and the necessity for, the additional grant of Rs.99,000/- required for the acquisition of a plot of land of about 6 acres near the Public Offices in the Civil & Military Station of Bangalore.

The additional grant of Rs.99,000/- asked for is required to meet the cost of the acquisition of a plot of land of approximately 6 acres in the Civil & Military Station for providing a drill ground to the Station Police and for other public purposes.

II. The land in question borders on the Cantonment and Corporation Roads and is situated close to the Central Police Office. By the terms of the Notification, the police have for some years past been allowed to exercise their mounted and foot section there, but now that it is found that it is more than probable that the land will be required for building purposes and will cease to be available to the Police. It is contended that the Police should have a drill ground in order to discharge their duties efficiently as required by Government. Though possibly a certain number of Police can use a drill ground, it is desirable that the whole area should be acquired as more ground may be wanted for a building scheme in the near future. Part of the land will be utilised for quarters for European officers of the Station Police Force. The cost of acquiring this portion will be borne by the Municipal Commission. It is also conceivable that more ground may be required for Government offices and this plot is very conveniently situated from Government's point of view as it is the only one available within easy reach of the existing offices. Government is not likely to incur loss in taking up the whole of the area available as rents are rapidly increasing in the Civil & Military Station owing largely to the impossibility of expansion.

III. Deducting the area required for the Sergeants quarters, the cost of acquiring which is to be borne by the Municipal

Commission

portion, the cost of acquiring the remainder of the plot amounts to Rs.29,000/- in round figures. Acquisition proceedings have been taken by the Collector who has passed an award for Rs.23,898/12/-. The Government of India stated in January 1921 that application for an additional grant should be made when the land has actually been acquired involved

IV. The expenditure during the current year by this proposal, namely Rs.29,000/- in round figures cannot be met by re-appropriation. Therefore an additional grant is required for the purpose and is debitable to the revenues of the Assigned Tract under 41 - Civil Works.

Re: the Acquisition of land in Commissariat Road belonging to Messrs. A.S. Rajamanickyavelu Mudaliar and A.S. Krishna Murti Mudaliar, Infantry Road, Bangalore.

-----0o0o0-----

The land mentioned above belonging to the aforesaid persons has been acquired for public purposes under the Land Acquisition Act and an award has been passed therefor under which a sum of Rs. 38,898-12-0 has been granted to the said owners as compensation. As the said owners considered that the amount awarded was inadequate they have filed an application praying that the matter might be referred to the District Judge for due adjudication. But mean-while the said owners filed an application praying that they might be permitted to draw under protest the amount already awarded and submitted a number of reminders regarding the matter several times. But they regret that till now they have not been paid the amount that has ~~been~~ already been awarded to them.

They would like to bring to your kind consideration the fact that the amount awarded represents a very large sum and that though the award was made so long ago as nine months and possession of the land taken, the owners have not been able to realize even the amount already awarded in their favour.

Under the circumstances, the said owners have been subjected to great hardship and loss and they contend that they are entitled to the interest on the amount of the compensation from the date of the acquisition. I therefore request you on behalf of the said owners to be so good as to expedite the matter by making the reference to the District Judge as prayed for early and to pay to them the amount of the award together with interest thereon at the market rate which they will receive subject to their claim for higher compensation being determined by the District Judge.

2. I am to emphasise the fact that the cost of the above works is debitable to the Mysore Assigned Tract Revenues and that, therefore, decision as to acceptance of provision rests entirely with the Government of India and not with the Military authorities through whom the schedule passes on its way to the Government of India.

3. As to minor works, a bath room (about Rs.800/-) and a fireplace (say Rs.1,000/-) are required in the Residency. The demand for minor works should include sufficient provision for these items. A well and an electric pump for irrigation purposes in the Residency Grounds might possibly be included in major works if the sum involved is too large for a minor work.

O R D E R.

This is a reference by the Collector under section 18 of the Land Acquisition Act with regard to the acquisition on 8-8-1921 of a vacant land (maidan) between the Commissariat and Magrath Roads which belonged to the respondents. The declaration under Section 6 of the Act was issued on 8-6-1921 (Exhibit 0).

Under the Collector's award dated 8-8-1921 a compensation of Rs:38898-12-0 was granted to to the respondents and paid on 22-3-1923. This sum is made up of Rs:33825-0-0 being compensation for the land including trees and walls at Rs:6500/- per acre, and Rs:5073-12-0 the 15 per cent, statutory compensation. The respondents claimed Rs:78058/- as compensation at Rs:15000/- per acre for the land, and Rs:1-8-0 per foot for the wall plus 15 per cent for compulsory acquisition.

3. In this Court the respondents claim also interest at 9 per cent per annum from 9-6-1921 to 14-6-1923.

4. The issues are:-

(1) What was the market value of the property.

(2) What amount is payable to the respondents for interest?

(3) What is the total sum payable to the respondents?

5. The evidence in this case has been recorded at the request of the parties in Miscellaneous Case No:2 of 1923.

6. I do not think there are any grounds for disturbing the Collector's award which granted the respondents compensation

at

at Rs:6500/- per acre. The land (maidan) acquired under the present acquisition proceedings the area of which is 5 acres 8 guntas and 19 square yards, and a plot to the north of it 31 guntas and 102 square yards in extent which was acquired on 13-8-1920 for the construction of Police Sergeants Quarters originally formed one block and this block was allotted to the respondents father Sundaramoorthi Mudaliar in the family partition which took place in January 1919. We find from a statement made by him before the Deputy Collector in May 1919 (Exhibit D) that at the time of partition the price of the property was fixed at Rs:18600/-. The total area of the land was roughly 6 acres and it was valued in January 1919 at Rs:18600/- or Rs:3200/- per acre.

7. As stated already the Government acquired 31 guntas and 102 ~~square~~ yards on 13-8-1920. For this piece of land the Collector awarded the respondents compensation at Rs:6000/- per acre; and his award was upheld by this Court by its order dated 3-7-1923 (Exhibit F). Compensation has been awarded in the present proceedings at Rs:6500/- per acre, and this rate appears to be quite reasonable.

8. There have not been any sales of land in the vicinity of the acquired land at or about the date of the declaration. There were however 2 sales with reference to the property No:3 Commissariat Road in 1920. This property consisting of a bungalow and 2 acres and 33 guntas of land had been purchased by Kempiah from the respondents father on 1-9-1919 for Rs:22000/- (Exhibit K). By a sale deed dated 28-6-1920 Kempiah sold the bungalow with 1½ acres of land to Mr: Maloney for Rs:15200/- (Exhibit L) and on the same day the latter conveyed the property to Mr: & Mrs: Hart

for

for Rs:17250/- (Exhibit M). If as this Court found in Exhibit F the value of the bungalow is fixed at Rs:1000/- the value of the land works out to Rs:4835/- an acre. There is evidence to prove that No:3 is in every respect more advantageously situated than the maidan in dispute. Mr: Johnson (R.W.2) states that the land is not valuable for the reason that the out-look is the Shoolay Bazaar; that the existence of the Municipal Workshop in the South has certainly depreciated the value of the property and that the maidan from which a Paracheri is visible is not an ideal situation for residential buildings sites

9. I do not think any reliance can be placed on the oral evidence let in to prove the value of the land. Mr. Thiruvenkatasami Mudaliar (R.W.1) estimates its value at Rs:3/- per square yard; but since he is contesting the Collector's award with reference to No:19 Residency Road in Mis:D/2 of 1923 and is interested in making out that properties in Commissariat Road are very valuable I cannot attach any value to his evidence. The statement of Mr: Johnson (R.W.2) that the value of the maidan may be 50 per cent less than the land in Residency Road affords really no basis for fixing the value. The 1st: respondent (R.W.5) gives no reasons for his claim for compensation at Rs:15000/- per acre. On the other hand Mr: Murphy (P.W.1) estimates the value of this land at Rs:5000/- per acre.

10. On the whole I am of opinion that the Collector's award is correct. The respondents are however entitled to interest on the sum of Rs:38898/12/0 at 6 per cent per annum from 8-8-1921 to 21-3-1923, which amounts to Rs:3786-2-4 and which the Collector must pay them. With this variation, the Collector's award is confirmed; the respondents must pay his costs and bear their own.

ACQUISITION OF LAND IN THE CIVIL AND MILITARY STATION OF BANGALORE FOR A DRILL GROUND FOR THE POLICE AND FOR OTHER PURPOSES.

Sir,

I have the honour to refer to your Memorandum No.392-Est. dated the 2nd February 1923, sanctioning an additional grant of Rs.39,000/- in the budget of the Civil and Military Station of Bangalore for 1922-23 to meet the cost of acquisition of land referred to above. S.38

2. The amount was paid to the owners of the land on the 22nd March 1923. They were not however satisfied with the Collector's award and appealed to the District and Sessions Judge, Civil and Military Station of Bangalore, for enhanced compensation. The latter officer upheld the Collector's award, but ordered payment of interest to the owners at 6 per cent on the amount awarded from the date of award (8-8-1921) till date of payment (22-3-1923) which amounted to Rs.3786-2-4. The owners who were the respondents were directed to pay Rs.854-8-0 to the Collector towards cost. The net amount due by the Collector to the owners is therefore Rs.2931-10-4 (Rs.3786-2-4 - Rs.854-8-0). Further the Collector

Collector has paid a fee of Rs.935/- to the Government Pleaders for their appearance in Court on behalf of Government. I request that the Government of India may be pleased to sanction the expenditure of Rs.3867/-.

Rs.2931-10-4 Rs. 935- 0-0 3866-10-4	The amount will be met out of the savings available under "33-Public Health" in the current year's budget of the Assigned Tract.

(*a*) Here enter full description, mentioning the Department, or Office, or Officer concerned.

(*b*) The same detail must be shown as in the printed estimates of the Government (or the sanctioned estimate), as the re-appropriation has to be affected by transfer of the figures shown therein

NOTE.—Any further explanations should be given on reverse, where also, if no re-appropriation is possible, the urgency and necessity for the expenditure should be fully explained.

NOTE.—When the application is submitted for the sanction of a Local Government, the form may be modified in any way the Local Government thinks fit, provided that the Local Government indicates distinctly in the orders issued that the new expenditure is to be met by re-appropriation from anticipated savings under the same or another major-head.

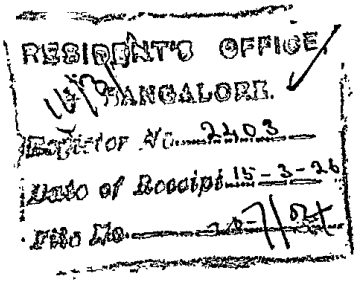
Bangalore. dated 13 March 1926.

TO:-

The Secretary to the Resident in Mysore,

B A N G A L O R E.



SUBJECT:- ADDITIONAL PAYMENT FOR LAND ACQUISITION IN RESPECT OF POLICE DRILL GROUND ETC:

Sir,

With reference to your letter No:2089/207-S40 1904, dated the 6th: March 1926, I have the honour to state that the additional allotment of Rs:3,870/- may not be ~~paid~~ placed at my disposal for payment to the Collector, Civil & Military Station, Bangalore during the current official year as the usual departmental charges will be levied on this amount if accounted for in my books.

I therefore suggest that the Pay and Accounts Officer, Bangalore may kindly be asked to pay this amount direct to the Collector, C. & M. Station for disposal before 31st: March 1926 without fail, thus obviating departmental charges being levied by the M.E.Services

I have the honour to be,

Sir,

Your obedient servant,

CAPTAIN, R.E.,
Garrison Engineer, Bangalore.
